

Safety Culture Survey Action Plan

Safety Culture Category:

Which safety culture category do you need to explore?

Examples: Communicating, Leading, Knowing, Reporting and Learning, Resourcing, or Involving.

Understanding the Problem:

What are the causes of the problem? What's the nature of the problem?

Remember to include other people and other sources of information. The Safety Culture Survey only points out places to start looking.

Goals:

What is it you want to achieve?
