

# Floor Tape Guideline

Color		Area
Yellow		Aisle ways, traffic lanes and work cells
White		Equipment and fixtures not otherwise color coded (workstations, carts, floor stand displays, racks, etc.)
Blue, Green and/or Black		Materials and components, including raw materials, work-in-progress and finished goods
Orange		Materials or products held for inspection
Red		Defects, scrap, rework and red tag areas
Photoluminescent		Steps and perimeter demarcation to identify egress routes in a lights-out emergency
Red and White		Areas to be kept clear for safety/compliance reasons (areas in front of electrical panels, firefighting equipment and safety equipment, such as eyewash stations, safety showers and first aid stations)
Black and White		Areas to be kept clear for operational purposes (not related to safety and compliance)
Black and Yellow		Areas that may expose employees to special physical or health hazards

## NOTES:

1. Width – Use 3” width for floor marking
2. Thickness – Make sure tape is a minimum of 0.5” thickness.
3. Beveled edge - Use beveled tape. Suggest Mighty Line Deluxe or Brady Tough-stripe Max
4. Black & Yellow  will likely comprise 80% or more of all warehouse markings.
