

Express Employment Professionals is ISO-registered and places more than 550,000 talented workers annually across all industries and at all levels of business.

A strong temporary workforce strategy means uninterrupted productivity.

From unexpected disruptions to proactive planning ahead of your busy season—there are many situations businesses encounter that can be addressed by building an effective temporary workforce strategy.

Temporary Staffing

Temporary Staffing helps bridge the gaps in your core workforce with talented workers who stay on our payroll and step in to ensure your business maintains productivity—whether it's for a couple hours, several days, or extended assignments that can last months or even years.

How does it work?

After gathering the details of your workforce needs, we'll select the qualified Express associate(s) with the right mix of skills and experience to get the job done. When the assignment ends, we move the associate(s) to the next job, or you can choose to extend the assignment and keep them on longer.

What are the benefits?

- Reduce downtime and lost profitability
- Staff up or down on short notice
- Reduce workforce stress and burnout
- Maintain fewer core employees
- Reduce overtime for core employees
- Respond to unexpected fluctuations in business
